## FULL TELEGRAPHIC REPORTS OF THE WORLD SERIES BASEBALL GAMES, PLAY BY PLAY, AS OFFERED DAILY NEWS READERS APPRECIATED

The announcement that the Daytona Daily News will cover, to its fullest extent, the world series games to be played next week between the Brooklyn Nationals and the winner of the American league pennant has been received by the multitude of readers of the Daily News, with considerable interest, as such "game" appreciate the expense and labor each service entails, which is given Daily News readers without expense.

The service which the Daily News will give on the classic event of baseball will be as complete as that given by any newspaper in the South, regardless of size or circulation.

In addition to photos of every player taking part in the series, their baseball history, and features of the series, which will be carried throughout the series, a direct telegraphic report from the field will be received at the Daytona Daily News at the close of every half inning, immediately set in type, and issued as the regular afternoon edition within a few minutes of the time the game closes.

By special arrangement with the Associated Press, the telegraphic reports of the games, play by play, will be carried to Jacksonville by direct wire and thence relayed by Western Union to the Daytona Daily News. In addition to the telegraphic service the Daily News will publish world series dope as issued by the International News Service, the United Press and the Newspaper Enterprise Association, covering every detail of the series.

## WOMEN! IT IS YOUR DUTY TO REGISTER NOW FOR COMING ELECTION

To the Southern white women of Volusia county, greeting!

I would urgently call the attention of every Southern white woman to the editorials in the Daytona Daily News relative to the duty of women as citizens of this state.

Certainly it would seem that when every warning of evil results of our negligence is being given by leaders of the Democratic party, even by our governor-elect, Carey A. Hardee, no sane white woman of Southern blood would fail to register in time for the election in November.

Everyone familiar with Southern history and Southern traditions knows that this warning of evil results which could easily occur from our failing to register is no bugaboo. At this time black and white Republicans in this county are registering faster than Democrats. It is not a long step from Republican majority to negro rule. For seven horrible years following the surrender of the Confederacy citizenship was denied the white people of the South while blacks, assisted by white parasites of the Republican party, ruled this fair Southland.

From this humiliating condition the South has long since risen but let us not forget that our deliverance came by the united efforts of our noble Southern forefathers, through the medium of the Democratic party.

These protective laws are threatened now as they have never been threatened in the past. Shall we fail our deliverer in the hour of his need? Should we not aid the Democratic party in keeping the Southland what God intended it should be—a white man's country?

DANVILLE, Va., Oct. 2.—The Virginia Tobacco Growers' association met here today to discuss the feasibility of organizing the tobacco manufacturing concerns, with the membership holding stock.

## GALBREATH CONTENDS HE IS DEMOCRATIC NOMINEE FOR SHERIFF

M. A. Galbreath, of New Smyrna, maintains he is the Democratic nominee for the office of sheriff and pending the action of the Supreme Court, where his case is now pending, he intends to have the board of county commissioners place his name on the official ballot so that he will be in the "running" should the Supreme court decide that he is the regular nominee, as he confidently expects that tribunal to do.

During the past week he has been circulating the necessary petition to have his name placed on the ballot.

In speaking of his position, Mr. Galbreath said:

"In doing this I do not feel that I am violating any rule of the Democratic party. If the absent ballots that were cast for me in the recent primary had been counted by the canvassing board it would have given me a majority of four votes over my opponents, and I would have been declared the nominee. I took the matter into the courts and the case is now pending before the Supreme court. Realizing that the mills of justice grind slow and that a decision may not be made until it is too late to have my name placed on the ballot, and upon the advice of many friends I have taken this method to have my name placed on the ballot in this step I feel that I can not only stand up for my own rights, but the rights of a majority of the voters who gave me the nomination in the primary if their votes had been counted. I have positively refused the nomination to give Daytona readers a full detailed report, with box score of the Brooklyn games by 4 o'clock at least.

In the case of Cleveland, which is one hour later than Daytona time, editions of the Daily News on those days will be somewhat delayed and subscribers are requested to note this fact, as their paper will be received later on those days.

## FORMER U. S. SENATOR MURRAY CRANE SLEEPING SICKNESS

DALTON, Mass., Oct. 2.—Former United States Senator Murray Crane died at his home here today as the result of sleeping sickness. He had been in ill health for a number of weeks.

An outstanding character of the Commonwealth of Massachusetts, Crane, former governor of Massachusetts and for two terms a United States senator from that state, was the first man to attain eminence in public life without being an orator. Although he served eight years in the Senate it was said by him that he never made what really could be called a "speech" in that body.

The successor of Senator Crane, whose wit and eloquence rang through the halls of Congress, Crane's chief claim to distinction was that of silent leadership and of a party mediator.

Senator Crane on more than one occasion in the interval from 1904 to 1913, when Republican differences developed and party measures were endangered, demonstrated his ability as a harmonizer and by using his persuasive powers in personal interviews with other senators, with whom he was popular, restored peace. On one occasion the fate of an important bill appeared to depend upon the vote of one senator. His colleagues had tried in vain, by many methods, to learn the probable attitude of this man. Crane, who had been talking the matter over with a group of Republican senators, remarked: "Wait a minute." He crossed the floor of the Senate chamber to the recalcitrant's desk and conversed with him in low tones for a few moments. Returning to his friends, he announced with a smile: "He'll vote for the bill." "How did you find out?" was the astonished inquiry. "I asked him," was Crane's reply.

Born in Dalton, Mass., April 23, 1853, the son of Zenas M. Crane, a paper manufacturer, young Crane was educated in the public schools and at Williston seminary. He never attended college, but, after leaving the seminary, entered the paper mills founded by his grandfather at Dalton, and in them he maintained his independence throughout his life. For many years these mills produced the paper used by the United States government in engraving its currency, bonds and notes. Because of his interest in this industry and his desire to continue with it, Mr. Crane, at the beginning of President Roosevelt's administration, declined an invitation to enter his cabinet as secretary of the treasury.

President Roosevelt held the "silent" Massachusetts man in high esteem. Crane had been unusually successful in averting strikes and discords by business difficulties. Williams, 1902, when he was governor of Massachusetts, he was instrumental in adjusting, by arbitration a serious strike of teamsters and freight handlers in Boston. Later, it is said, he suggested to President Roosevelt the method by which the strike of several hundred thousand coal miners in the anthracite fields was settled.

Three years as lieutenant governor and three years as governor of Massachusetts preceded Crane's entrance into the Senate to fill the vacancy in 1904 caused by the death of George F. Hoar. Appointed to the Senate on October 12, 1904, he was elected the following January for the term ending in 1907 and re-elected for the term ending in 1913. At the expiration of his second term he declined to seek re-nomination.

Mr. Crane had been a member of the Republican National Committee from 1892 to 1900, and again from 1904 to 1920. He was a delegate-at-large to six national conventions. At the last Republican national convention in

## COMMISSIONERS MAY PROVIDE SEPARATE BOOTHS FOR VOTERS

That the board of county commissioners will provide separate booths for men and women in the general election of November 2 is evident by the opinions expressed at a special session of the board held at Deland this week. It is probable that the board will appoint two sets of inspectors for Deland, Daytona, and New Smyrna in order to relieve the inspectors from the most arduous duty of conducting the election and later counting the ballots. Women registrants are being placed in one registration book, and men in the old book. This has been found necessary because the men were already registered and in many precincts almost completely filled the book. It is probable that in the three large precincts where there will be nearly 1,500 voters in each of the two sets of inspectors will be kept busy all election day, all the night following and most of Wednesday.

Owing to the arduous work of the inspectors, it is probable that no women will be appointed on the boards for the first election.

There are already a large number of signatures to the petition, and Mr. Galbreath intends circulating it over the county.

A large area of bottom land has been discovered in northern China.

## JUDGE CHENEY, OF ORLANDO, CANDIDATE FOR U. S. SENATE ON REPUBLICAN TICKET MAKES DISCOURSE ON HIS VIEWS BEFORE SMALL CROWD

A small gathering of men and women, with women in the majority, shivering in the cool breezes on the veranda of the Casino Burgoyne last evening, while Judge John M. Cheney expounded upon his views of national and state politics and told in detail why he believes a change in governmental affairs was needed. Judge Cheney is a prominent member of the bar, residing in Orlando, and has been nominated by the old-line Republican party as candidate for the United States Senate, appointing Dr. G. A. Klock, of this city, and the present Democratic incumbent, Hon. Duncan U. Fletcher.

The speaker was introduced by Dr. Klock, chairman of the Volusia county Republican committee, as an able man who desired to do his duty in representing the state.

The candidate for senator told the gathering in a friendly way the purposes he had in view if elected to the high position which the electors of the state have at their command and by his talk impressed those present that he desired to take them into his confidence.

Judge Cheney paid his respects to President Wilson in no uncertain language concerning that high official's stand on the League of Nations and recited the errors which the president had committed at Versailles, when, sitting with the ablest diplomats ever gathered together, Mr. Wilson had dreams of becoming the president of the world and how the president had seen at that notable council to permit Great Britain to hold six votes in the league, where the United States

with Liberia or Siam.

"The League of Nations has never functioned and has no power," said the speaker. "Can France or England help Poland, or would they? These people are tired out and Poland must do without outside assistance."

The speaker referred to the untenable position relating to women as to property rights. He discussed the farm loan act and refused to be convinced of any merit attached.

Regarding the tariff, the speaker said that he could not understand why the electors of Florida would return men to congress who would vote free duty on citrus fruits and peanuts. He stated that now there was coming into the port of Jacksonville great quantities of peanuts from China and that the growing of this valuable crop in Florida would soon become unprofitable.

The "black fly" scare, Judge Cheney said, was not so much the fear of the pest, but the idea predominant at attempt to stop the free entry into this country of citrus fruits from the Isle of Pines. "The state of Florida needs a protective tariff," the speaker concluded regarding this important subject.

It was announced by the chairman that weekly conference would be held with Republican workers, and the campaign carried through to completion by personal work.

No announcement was made as to those candidates who were nominated or endorsed who have since stated that they would not run on the Republican ticket.

## WARDING PLACES THE BETTER THE REALITY

(The Associated Press.)  
During the condition of the schools for the improvement of the front porch, the speaker, who is a city official, said that the city should be more careful in warding places, the better the reality.

## FULL REGIMENT OF NATIONAL GUARD TO BE COMPLETE SOON

Capt. H. C. F. Dohm returned to his home in Daytona today, where he will spend Sunday with his parents, and leaves Monday for West Palm Beach on his recruiting duties in connection with the National Guard of Florida.

The captain, who has been most successful in his endeavors along these lines, came here from Jacksonville, where he organized a full company and mustered into service the complete company, all in less than two weeks, establishing a record for organization of National Guard companies. He reports the Jacksonville company as a splendid one, with more members than was needed to complete the company, and contained interest in the work.

Capt. Dohm will go Monday to West Palm Beach to complete the organization of the West Palm Beach company, which was started by Capt. C. B. Wilson, also of Daytona, who had been called home for other duties, and who expects to leave soon for Camp Planting, Ga., where he will take a special course in training in connection with National Guard work.

After Capt. Dohm completes the organization of the West Palm Beach company, he leaves under orders of the Adjutant General for Key West, then to Bradenton and other cities in the Tampa district, where he will complete organizations, to make the Florida regiment complete.

It is fair to prophesy that the full regiment of the Florida National Guard will be completed before the end of the present year, as only four units remain, some of which have been started.

This accomplished, it will go to the credit of Capt. Dohm that he organized the entire regiment in Florida, with the exceptions of the Hastings supply company, the Miami company and the Jacksonville company, which units were being completed while Capt. Dohm was in other parts of the state.

To the captain goes considerable praise from officers of the National Guard for the great success which has attended his efforts in behalf of the National Guard work, which has been made possible by hard work and constant application of his time to the duties of organization.

## MASONS WILL MEET AT HALL AT 7 P. M. ON SUNDAY EVENING

The Masonic bodies of the city, having accepted the invitation of Rev. D. Stafford Scadding to attend the church service in a body, will meet at the Masonic hall at 7:00 o'clock, and from thence proceed to the Methodist Episcopal church at the corner of Palm and Bay streets, for the service which will begin at 7:30. This will be the first public appearance of Halifax lodge other than at funerals and it is very strongly urged upon all members that a creditable showing be made at that time. A struggling few will give the lodge the wrong kind of publicity, while a great crowd will attract favorable attention. There will be some special singing at the service, and Rev. Bro. Scadding will preach a sermon appropriate to the occasion. Members are requested to do their utmost to make this first public appearance of the lodge a noteworthy one. Sunday evening, Oct. 2nd.

## Y. TOWNE GOSSIP

Registered U. S. Patent Office.  
By K. C. B.

Dear K. C. B.—I am a boy of fifteen. My mother insists that on Sunday I shall wear a suit made of black velvet, very soft and light-fitting, and although I have protested it has been useless. Either I must wear this suit or be punished by my father. Consequently the pair of the punishment makes me surrender, and this effeminate apparel makes me the butt of the other boys. What would you do if you were in my place? JUST A BOY.

MY DEAR boy,  
I DON'T blame you  
FOR BEING sore,  
BUT I'M afraid  
IT WOULDN'T do  
IF I suggest  
THAT YOU disobey  
AND INSTEAD of saying  
WHAT I would do  
IF IN your place  
I'LL put myself  
IN YOUR parents' place  
AND IF I were them  
I'M VERY sure  
I'D HATE to see  
A BOY of mine  
WEAR ANYTHING  
THAT LOOKED as silly  
AS A velvet suit  
THAT FITTED tight  
AND I'D hate to think  
THAT A boy of mine  
THROUGH CAUSE of mine  
SHOULD BE the butt

OF OTHER boys.  
BECAUSE I'd feel  
THAT EVERY time  
THIS BOY of mine  
WAS SO abused  
BY OTHER boys  
THERE'D COME a wound  
OF BITTERNESS

concerning frog speech and free thinking. But the administration is not to be blamed. It would soon change its manners if public opinion took seriously the constitution and the rights conferred by it.

A little raincoat dealer will charge three prices if nobody arrests him. And a national administration will disregard the fundamental law of the land if public opinion doesn't stop it. We get what we deserve. The United States would have avoided profiteering, public robbery on a gigantic scale, disregard of public right, and assumption of importance and authority by those in office that should have put some of them in jail, if the nation really took its so-called liberty and freedom seriously.

"Hear the sermon, Lord's Masterpiece," at the Baptist church Sunday night.

We hope in this country complete disregard by the administration of the constitution. Also provisions

stupid wastefulness of the general public has fallen off and the consequent headache called "high cost of living" is diminishing also.

In all serious troubles fault is primarily with the public. The truest thing ever said is that people have as good a government as they deserve. To that you may add that profiteering is done about as extensively as the people deserve it. There are helpless, innocent exceptions, of course.

## GENERAL JONES, U. S. A., RETIRED, TO OCCUPY SEABREEZE RESIDENCE

The late M. Holland home at 435 North Palm street, in Seabreeze, has been rented for the winter season, through the R. L. Smith agency, to Russell Compton Jones, of New York City.

Mr. Jones and his father, General Jones, U. S. A., retired, will arrive about October 15, with his wife and maid, being followed later by the son and family.

Mrs. R. P. Hubbard, of Ottawa, Kansas, has rented the Paxson bungalow at 247 North Ridgewood avenue for the season.

Mrs. Hubbard has already taken possession and with her are her daughter, Mrs. Phillips, of Mexico City and her two children. The rental was made by R. L. Smith & company.

The Valentin possesses one of the finest private establishments in the world.

## BEAUTIFUL ENTRANCE TO DREURY RESIDENCE

A most attractive entrance to the Dreury home, leading from the Atlantic avenue approach to the home on the ocean front, is being completed this week by Fugate & Green, Daytona Beach contractors, who have been remodeling and rebuilding the large home in Seabreeze the past summer.

The circular entrance is 60 feet wide, leading to a 40 foot circle in which he placed flowers and shrubbery, adding greatly to the appearance of the property from the Atlantic avenue side of the large residence. The entrance will lead to the home with a circular staircase, making the entrance one of the most attractive on the beach.

A complete bath house, with private showers, and all equipment, has been built on the beach in front of the Dreury home for the convenience of bathing parties, as guests of the Dreury family.

Mr. and Mrs. Dreury will have one of the most beautiful homes on the beach when the work is completed within the next few weeks.

## SALE OF DAYTONA HOMES REPORTED BY R. L. SMITH & CO.

The R. L. Smith & company realty agency has made an especially busy week in the sale of Daytona homes and property, the sales of the past week reflecting the movement toward Daytona from the north, which is already under way.

The Nelson cottage at 46 First avenue, to William H. Rogers, a brother of Mrs. Thomas Henson, is one of those reported by the R. L. Smith company this week. Mr. Rogers and family will occupy the new home directly after the first of the month. The Mabel Syche home at 38 Second avenue, together with the small cottage in the rear, has been sold the past week to R. M. Bailey, proprietor of the Bailey Drug store on South Beach street.

The three houses located at 25, 26, 1-2 and 67 Third avenue have this week been sold to Geo. B. Hubbard, of Connecticut, who purchased them for an investment, planning many improvements to the three homes before he re-sells them. The houses were owned by Olla W. Stevens.

### IN SCHULTE PARK

The Most Delightful Subdivision on the East Coast of Florida

Hundreds of residents in this vicinity are turning their thoughts to the happiness, contentment and peace of mind which owning one's home affords, as contrasted with the discouragements and unhappiness that usually follows the renting of homes or apartments and the continual moving which such a method of living entails.

In building your own home you not only have selected the safest and most sensible method of saving, but you are doing your duty toward your family and insuring a happy future for yourself.

The greatest happiness which you can derive from building and owning your own home will be the erection of that home in this subdivision, south of Daytona Beach, where scores of lots have been sold the past several months and where dozens of homes will be erected this winter, where your next door neighbor will be most congenial and where you will receive all the pleasures of the delightful Halifax river and Atlantic ocean, as Schulte Park stretches from one to the other, connecting the two most beautiful bodies of water, with wide, sweeping boulevards, and parkways which add materially to the beauty the location affords naturally.

With the winter season approaching, prices of lots in Schulte Park must necessarily increase, therefore we ask you to get in touch with us at the earliest possible moment.

## ANNOUNCEMENT!

TO THE PUBLIC:

This is to inform you that I have consented to accept the candidacy for United States Senator on the White Republican ticket of the State of Florida. In consenting to accept the candidacy for this very important office within the gift of the voters of the State of Florida, I had in mind the danger fronting our nation becoming embroiled in the European entanglements should the United States Senate accept the Wilson plan of the League of Nations. It is a notorious fact known to every one that Senator Duncan U. Fletcher stands unqualifiedly with President Wilson and the Democratic administration for our joining the League of Nations as it now stands. His past record will point to his future conduct in this regard. Duncan U. Fletcher further stands for the removal of the protective tariff from citrus fruits and other products of Florida. Furthermore, Duncan U. Fletcher has stood and will stand in the future, as in the past, for those reformatory measures which have tended and are tending for the submergence of the liberties of the individual citizen guaranteed to him under the Constitution, and he stands for the upholding of those interests which have led this nation into an enormous national indebtedness.

This one great issue before the people of the State of Florida, and for that matter every state in the Union, is whether we are going, by our votes, to stand for the adoption of the League of Nations, or fight to the last point any man who will vote "Yes" as Duncan U. Fletcher certainly will do in support of our joining this odious League of Nations when this measure is brought up for final action in the United States Senate.

Any influence you may be able to bring to bear in my support in defeating the election of Duncan U. Fletcher, for the United States Senate, aside from any political feeling or personal prejudice you may have in a general way against the Republican party, will be duly appreciated by yours very truly,

## MANY LOCAL PEOPLE PURCHASED SCHULTE PARK LOTS THIS WEEK

While the rain and inclement weather of the past week has held up the work of the Schulte Park boulevard and street work in Schulte Park, several prominent local, as well as out of town people have manifested their faith in the established future of the new suburb by purchasing home sites.

Mrs. P. J. Cabell, whose husband is a prominent Fort Smith, Ark., business man and a brother of Gen. Cabell, the commander-in-chief of the Department of the Southwest, U. S. Army, during the late war, has purchased a beautiful home site in the park.

Secretary J. L. Pepper of the Daytona Chamber of Commerce, Mrs. W. W. Ward, a prominent resident of Daytona, and Samuel Dobrow, the Beach street merchant, are among those who have purchased home sites and lots in Schulte Park in the past few days.

Geo. N. Chamberlin, the Sanford celery man, Mrs. Ward and Judge Hamlin are a few of the many park lot owners who had expected to start work on their prospective homes during the last few days, but have been delayed from so doing until the recent uncertain weather conditions become more settled.

Mr. Schulte reports many other

Free yourself from the ever-present rent problem.

Anyone who can pay rent can own a home. Don't wait until you have accumulated a lot of money before you build.

By building now you not only provide a proper place for the raising of your family, but you are doing a service to the community by increasing the number of dwellings.

High rents are brought about by the shortage of houses. When you move into your new home you release your flat or apartment for the use of someone else.

How much have you paid out in rent in the last two or three years? Perhaps two or three thousand dollars. This rent money which you are now paying out will buy you a home and provide a profitable investment for you at the same time.

**BUILD NOW!** Consult us freely in regard to your plans and we'll gladly furnish estimate on cost of materials and assist you in every way in our power.
